

regulate the affairs of their neighborhood. Many complaints have been made against these "committees." Responsible citizens have been stopped at night and made to explain why they were abroad after dark and even shots have been fired at persons who had a right to go anywhere they pleased at any hour. It was one of these so-called "vigilance committees" that is to be held responsible for the death of Major Tilden, who was shot while performing relief work.

The Mayor to-day gave instructions that the members of these "committees" were to be disarmed wherever found by the city police, and if any resistance was offered, were to be treated as looters, which means that they are to be shot without ceremony.

Water Still Scarce.

The water supply is still a serious problem. It was decided to-day that all further restrictions should be put on the use of water now available. However, until the water system has been repaired, there is to be but one water faucet for each block throughout the city.

The State militia has not been withdrawn, notwithstanding the requests from the Mayor and from the Citizens' Association. The Committee of Government has not met with the Executive Committee nor with the heads of the military and civil authorities at Fort Mason. He has sent word in explanation of his absence that he has been advised too late to reach the meeting.

It appears that as a rule members of the militia have had a misapprehension of the conditions in San Francisco. They have acted as though martial law were in force and that it was their duty to regulate the affairs of the city according to their individual conception of what law. Since they have been confined to a limited area, however, and the conditions have been explained to them, there has been less complaint from citizens.

There is nothing but praise for the work of the United States army, the navy and the police. They have acted with reason at all times.

Marines are used in a large region for patrol duty, and they have maintained the best of order without an instance of conflict with anybody.

Acting Together.

Everywhere sanitary conditions are satisfactory. Probably there has been less sickness at the Presidio than any of the other camps, and this may be attributed to the fact that the people there have been sheltered, fed and directed by army officers.

The President's proclamation, issued to-day, has had a cheering effect. The local Finance Committee and the Red Cross are acting together, and the work of relief is conducted in a systematic manner. A force of expert accountants has been assigned and an auditing and supervising committee appointed, and every dollar will be accounted for. The San Francisco Labor Council, on behalf of its one hundred and six affiliated unions, has announced that wages will remain the same as before the fire.

PLANNING NEW CITY ON GRANDER LINES

Burnham Summoned to San Francisco—Wholesale Grabbing of Supplies.

(By Associated Press.)

SAN FRANCISCO.—That San Francisco will be rebuilt on better and more beautiful lines is indicated by the fact that James D. Phelan, chairman of the Improvement Association of San Francisco, to-day dispatched telegrams to Architect Daniel H. Burnham, chief assistant, Mr. Bennett, of Chicago, to come immediately to San Francisco to take up the work as planned some two years ago. Burnham and Bennett are the originators of plans to beautify San Francisco, and the committee does not want to take any other steps until it has a conference with them.

The Burnham plans call for a reconstruction similar to the city of Paris.

Gigantic Task.

An idea of the task which confronts the food committee may be gained from the fact that throughout the city rations for 349,410 persons were distributed yesterday. This is an average estimate, based on reports from a few of the food depots. At one point yesterday, provisions were given out to 572 persons an hour for ten hours. This station is neither one of the largest nor one of the smallest, and so its reports are used as a basis to strike an average.

All flour that was received in sacks is exchanged at bakeries, pound for pound, for bread. Almost all the bakeries in the burned region have opened and are selling bread at a profit. There is no danger of a meat famine. Representatives of the Western Cattle, in South San Francisco, reported to the relief committee this morning that there are now in the yards 1,200 cattle, 5,000 sheep and 500 hogs.

More than 200 cattle are killed and dressed daily and sheep and hogs are put under the knife as fast as they arrive. The full quota of employees is at work. The Southern Pacific Company has all cattle cars to be rushed to San Francisco with precedence over passenger trains.

Stories of Suffering.

Wholesale grabbing of supplies by some while others are in want caused the military authorities to order a new system in the distribution of food. Beginning to-morrow, when the military rooms will be established where meats will be supplied to all who apply but no food will be given out to be carried away.

In the distribution of clothing, precautions against fraud will be taken by squads detailed to visit tent, or each shelter, list the occupants and tabulate their wants. Orders will be given out entitling the holders who need clothing, bedding or other things to them.

Wild stories of suffering from exposure, ignorance and helplessness are flooding the Relief Committee from all sides. Of the great relief camps that are in the Presidio, which is under government control, seems most thoroughly systematized, and that in Golden Gate Park most disorganized. Though it is rapidly assuming a habitable basis.

Many tons of fresh fruit were distributed here yesterday and to-day. Bunches of bananas and boxes of oranges were given unsparingly to the people who flock from the tents along the beach and about Fort Mason.

The Final Problem.

"All is well" was the word that went down the line at the police headquarters when the uniformed officials had finished their long night vigil through the burned districts and reported off duty to their commanding captains to-day. It was a night of perfect peace.

No looters worked in the open, if at all. The challenge of every guard brought satisfactory answers to all questions of the challenges, they were allowed to go their way. The reports of officers filed this morning," said Chief of Police Dinan, "there is every indication that San Francisco has settled down to almost a normal condition. Our officers have been where, as usual, but no crimes have been reported for the past twelve hours, and petty thievery has not even kept the upper office men of the department busy. The one perplexing problem that we now have to contend with is the prevention of an unequal distribution of food. Those of the worst element of the city we find, are living better than they ever did in their lives, while the unfortunate who have never been accustomed to ask for aid, are actually suffering. We are doing all in our power to relieve this condition and hope, in a few days, to get rid of those who are taking everything in sight."

Former Chief of Police Wittman, reporting on the resumption of retail business, to-day said that he had induced the following stores to reopen:

Groceries, 27.
Butcher markets, 11.
Crematories, 11.
Bakeries, 6.
Restaurants, 4.

The number of each of these will be largely augmented during the course of a few days. A committee has fixed maximum retail prices.

SANTA ROSA WIPED OUT BY EARTHQUAKE

Little Girl Taken Out Alive After Four Days Under Ruins.

(By Associated Press.)

LOS ANGELES, April 25.—Proportionately to the population, it is now believed that in Santa Rosa, the greatest loss of life occurred from earthquake and fire. Even if this unfortunate city does not lead in the actual number of victims, in a letter received here from a former Los Angeles man, the writer says in part:

"This town is in awful shape. There is not a single brick or stone building standing and scores of fine residences are in ruins. Fires broke out in the business district right after the shock and burned dead and living alike. There were three high tribute to the work accomplished by the Citizens' Committees of San Francisco and indicates that the necessity for working through the Red Cross exclusively has passed."

OAKLAND, CAL., April 25.—After being closed for a week, Oakland's eleven banks resumed business to-day in accordance with directions from the committee. The day's business was decidedly encouraging, more money being deposited than withdrawn. Partial withdrawals of savings accounts were allowed.

"We find that the public feel no uneasiness over the situation," said one banker.

WORKING TOGETHER TO AID SUFFERERS

Citizens Committee Consolidated With Red Cross—Further List of the Dead.

(By Associated Press.)

WASHINGTON, D. C., April 25.—The War Department received a telegram from General Greely, dated Fort Mason yesterday, giving a further list of dead, as follows:

Following dead are reported in addition to list sent last night:

"ALBERT D. SAEDMIST, "MARGARET MILES, "ANNE PETRIG (Unknown male), "JOSEPH L. UHBI, "JEN'S BERNSEN, "MEL MEXIAIR, "HOLBER M. MAISEN, "PATRICK DOCKERY, "JENNIS T. SULLIVAN, "BERNARD SHAY, "JULIE JAUI, "AMELIO MARCO, "ANGELA HUSTELL, "JOHN FAUTHI, "FRANCIS MEIER, "TERESA ROEHE.

Two hundred and twenty-two

jured are being cared for at General Hospital, Presidio, seven hundred and eighty-four at Park Emergency Hospital, making one thousand and five injured, so far reported. No further reports on this subject will be rendered unless especially called for."

Greely's Advice.

General Greely this afternoon responded to the resolution to the suggestion that a government registration bureau be established, and he added a statement of conditions in San Francisco to-day to show the impracticability of such a bureau. He suggested that interested parties telegraph the newspapers, which are best informed as to location of individuals. General Greely adds:

"To relieve public apprehension, it should be clearly understood that beyond isolated cases already reported there are no deaths or serious injuries of guests of any well known hotel in San Francisco. It should be also understood that there is no demand for nurses or doctors. The medical, civil and military authorities will be able to handle the entire situation unless unexpectedly adverse conditions arise."

Chinese Cared For.

The report that suffering Chinese are being connected with San Francisco was denied in a telegram received at the War Department to-day from General Greely. The dispatch says:

"I am greatly surprised to learn from General Funston that the suffering of destitute Chinese are reported to be in danger of neglect. Nothing could be more contrary to the truth. Arrangements have already been made by the combined action of the civil and military authorities to establish a semi-permanent camp for destitute Chinese, such camp to be located adjacent to Fort Mason. It will be put in the best possible condition for comfort and sanitation."

General Funston telegraphed to the same effect.

Committees Consolidated.

All chance of a misunderstanding as to the channel through which relief should be afforded to San Francisco sufferers was removed to-day by the consolidation of the offices of the Finance Committee of San Francisco with the California branch of the Red Cross. This consolidation assures the active co-operation of the Red Cross with the local Relief Committee in San Francisco, and places all distribution of supplies and accounting for contributions under the War Department.

Dr. Devine, the Red Cross special agent, advised the Central Committee of the Red Cross of the consolidation to-day.

President Acts.

In a special message to Congress to-day, President Roosevelt urges the immediate appropriation of \$200,000 for work at the Mare Island navy-yard at San Francisco in order that employment may be provided for many in the stricken city. He also urges the necessity for the appropriation of money for the reestablishment of an army supply station in San Francisco.

In a proclamation issued to-day, the President urges the American people now

shaking the city. Some people plainly showed signs of alarm, and their fears were not entirely allayed until it became known that the donations and offerings were caused by the testing of great new guns at Fort Monroe, fourteen miles away. Many did not believe that the testing of the guns there could have the effect here that it did, and were not easily convinced as to the truth of it.

It was at first thought by some that the battleship Virginia was coming up the Elizabeth to the navy-yard, and that the report and the rattling of the windows was the result of a salute fired to the commandant's flag, but no Virginia was in the river. And when she comes she will not fire any such guns as those tested at Fort Monroe to-day, if any at all.

The reports caused people to stop on the streets in groups to discuss them.

Bray—Stockley.

(Special to The Times-Dispatch.)

CHRISTIAN, VA., April 25.—A very pretty marriage was celebrated in the Methodist Episcopal church here at 3 o'clock this afternoon, when Miss Helen M. Stockley became the bride of Mr. O. M. Bray. The ceremony was performed by Rev. E. F. Hall. The bride was dressed in a gray traveling suit with hat and gloves to match. Miss C. L. Strickler, sister of the bride, was maid

obviated for the moment. The city council tonight after listening to heated speeches by orators of the workmen, decided to begin public work amounting to \$1,500,000, and pending their initiation to assign \$250,000 among those out of work, the number of whom actually are destitute at present, according to labor representatives, is not over 2,000. The situation is especially threatening, as the measures of relief are purely artificial. The army of the unemployed, because the factories are running on hazy force on account of the lack of orders is constantly increasing.

(By Associated Press.)

MOBILE, ALA., April 25.—It is reported here that the fishing smack Sterns, of Mobile, and the schooner of Pensacola, have been seized by the Mexican authorities while fishing off the Yucatan coast. It is stated here that the Mexican government has made the seizure with a view to settling the rights of fishing territory of the Yucatan coast, where many vessels from this port and Pensacola land their catches and bring them on here for shipment. It is denied by the captains of these vessels that they fish in Mexican waters.

RUSSIANS GIVE GORKY ENTHUSIASTIC WELCOME

(By Associated Press.)

NEW YORK, April 25.—Maxim Gorky addressed a large audience of men and women in the Grand Central Palace to-night, the meeting being under the auspices of the Russian Social Democratic party. Gorky's reception was enthusiastic and he made his way to the platform accompanied by Madame Andrieva and cheer and salutations in his native tongue. He spoke on "The Jewish Question," and declared the Jews were the fighting force of Russia.

Anti-Saloon League Field Day.

Next Sunday and the Sunday following are the days selected for Anti-Saloon League field day in the cities of Richmond and Manchester. Field day has been observed by the leagues of many States previously. In New York and Illinois, such occasions are observed in the cities of the various States. A number of the churches of the various States will be entered next Sunday, and chief among the speakers will be Dr. George W. Young, a native Virginian, and a member of national reputation. Rev. George W. McDaniel, pastor of the First Baptist Church, and Rev. W. J. Young, D. D., pastor of Centenary Methodist Church, will exchange pulpits at the evening service, and each present the league's work in the other's pulpit. Dr. Young, the assistant national superintendent, will occupy the pulpit of the Seventh Street Christian Church at 8 P. M. Full announcements will be made later.

OBITUARY.

Mr. Joseph Coleman Gilman.

Mr. Joseph Coleman Gilman died at 10 o'clock Tuesday night in his home, 1 West Clay Street, after an illness of but a few hours. He was sixty-eight years old and is survived by his wife and seven children—Messrs. William B. Robert E. Frank N. and E. Judson Gilman; Misses N. Elizabeth and Caroline V. Gilman and Mrs. Temple B. Ray all of Richmond. Mr. Gilman had lived in Richmond for the past ten years and had been connected with the Johnson & Briggs Lumber Company. He was born in Hanover county, and his wife was a Miss Mildred Neale, of King William county.

Mr. Gilman was a gallant soldier in the Confederate war. He was a member of Company G, Fourth Virginia Cavalry, in Gen. W. C. Wickham's Brigade of Gen. Fitzhugh Lee's division. His company was in famous "Hanover Troop." Mr. Gilman was in nearly all the great battles in Northern Virginia and rode with the famous "Iron Brigade" of Gen. Lee. He was a member of the National Cemetery with full naval honors.

Funeral of Lieut. Hudgins.

WASHINGTON, April 25.—Funeral services were held at 10 o'clock at St. Thomas Episcopal church in this city over the body of Lieutenant John M. Hudgins, the officer of the forward turret of the battleship Oregon, who was killed by the ignition of powder at the end of the target practice recently.

Professor Paine Dead.

(By Associated Press.)

CAMBRIDGE, MASS., April 25.—Prof. John Knowles Paine, director of the Biological Department of Harvard University since 1875, and well-known composer and authority on music, died suddenly to-day of pneumonia.

Joseph Coleman Gilman.

Mr. Joseph Coleman Gilman, a former resident of Hanover county, but for the past ten years a resident of Richmond, died at his home, No. 1 West Clay Street, Tuesday night at 10:15 o'clock. Mr. Gilman was born in Hanover county August 25, 1837. He is survived by his wife and seven children: William B. Edward, Frank Judson, Mrs. Temple B. Ray and Misses Carrie and Lizzie Gilman. Mr. Gilman was a faithful Confederate soldier, having entered the army at the beginning of the civil war and served to its close, except for two short periods when he was home on account of illness. He received a battle wound at Kelley's Ford, March 17, 1863, and again at Spotsylvania Court-house May 3, 1864. He was a member of Company G, Fourth Virginia Cavalry, of which Gen. Fitzhugh Lee was division commander and William C. Wickham brigade commander of this city. All of the interests of the church received his generous support. Being a man of sunny disposition, with a kind word for every one, he had a great host of friends, and his neighbors esteemed him very highly. The funeral services will be held from Marshall Street Christian church to-morrow afternoon at 4 o'clock, and will be conducted by his friend and pastor, Rev. B. H. Melton.

The pall-bearers will be George C. White, W. J. Kinloch, Mr. E. W. Hawley, Thomas Friend, L. M. Ellis, W. G. Fuller, W. H. Bowles and John Grubbs.

The burial will be in Hollywood.
